FROM: Acting Training Officer, TSS/DD/P

SUBJECT: Syllabus of Technical Services Staff Training

1. Recent requests for information on the subject from many sources have indicated the advisability of publishing a summary of presently available Technical Services Staff training. Attached is a brief syllabus of the training which is currently given by TSS, including training integrated in regularly scheduled courses given by TR(S), as well as specialized training offered by TSS on an individually tailored basis.

2. It is to be emphasized that as operational components of CIA take increasing advantage of TSS training capabilities, a pattern will be evolved which may modify to some extent the present outline. Periodically, therefore, revisions will be distributed as necessary to keep all concerned up to date.

25X1

Acting Training Officer, TSS/DD/P

WSB:pt

Distribution:

Distribution to the operating desks of OSO and OPC will be handled by TLO/SO and PT/TR/PC respectively.
